How to Install & Use AllHRDocs

- 1 Extract the setup file using the extraction tool.

Pre-requisites: Zipping/Unzipping tool, download from here (<https://www.7-zip.org/>)

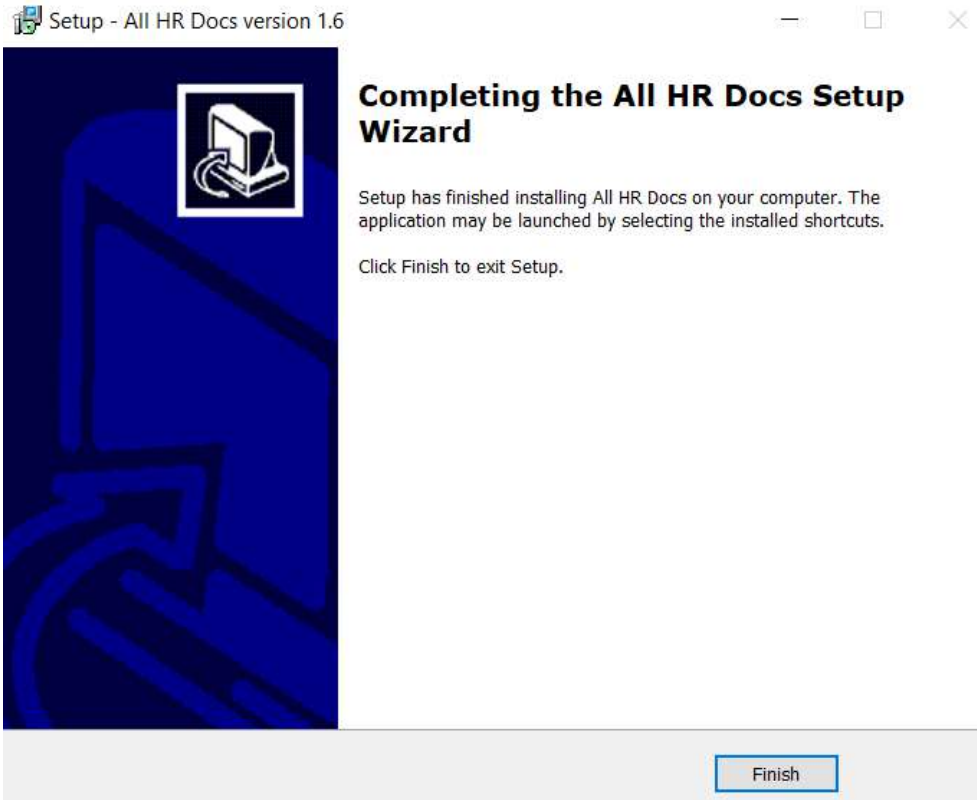

- 2 Double click on AllHrDocs_install.exe to start the installation process.

3

Follow the instructions in the installer to install the software in the system.

User Activation Guide

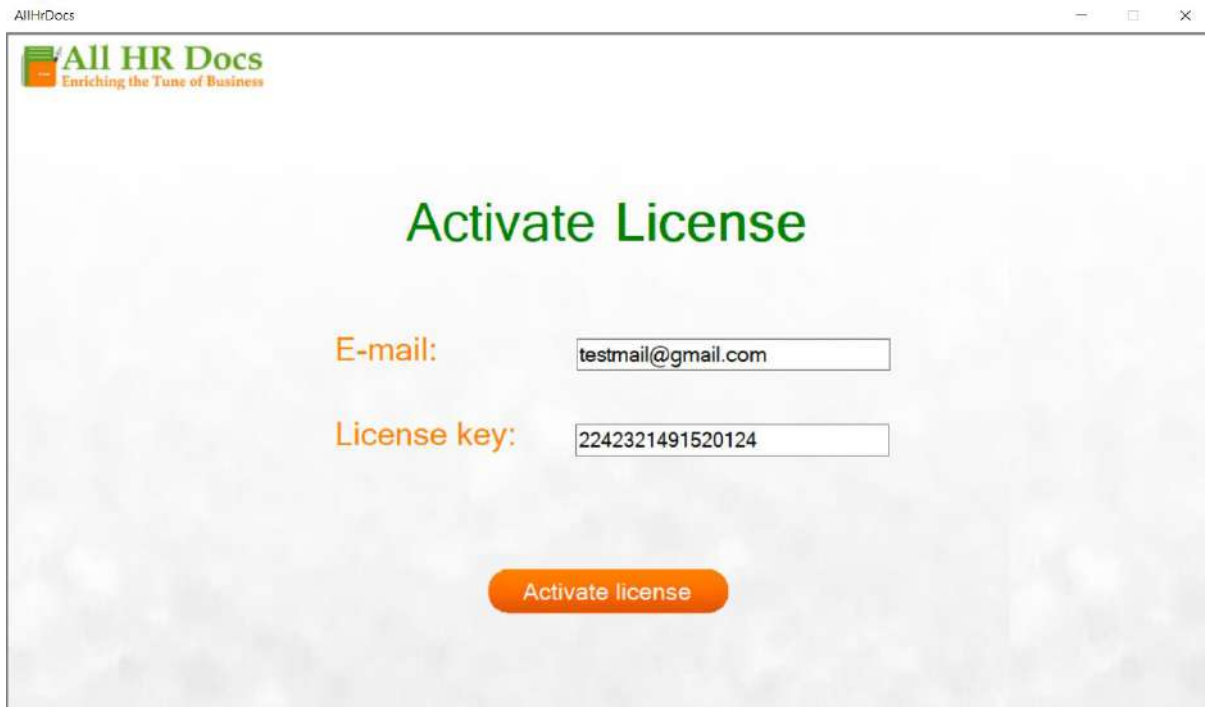

- 1 Click on AllHRDocs icon

- 2 Click on the let's get started

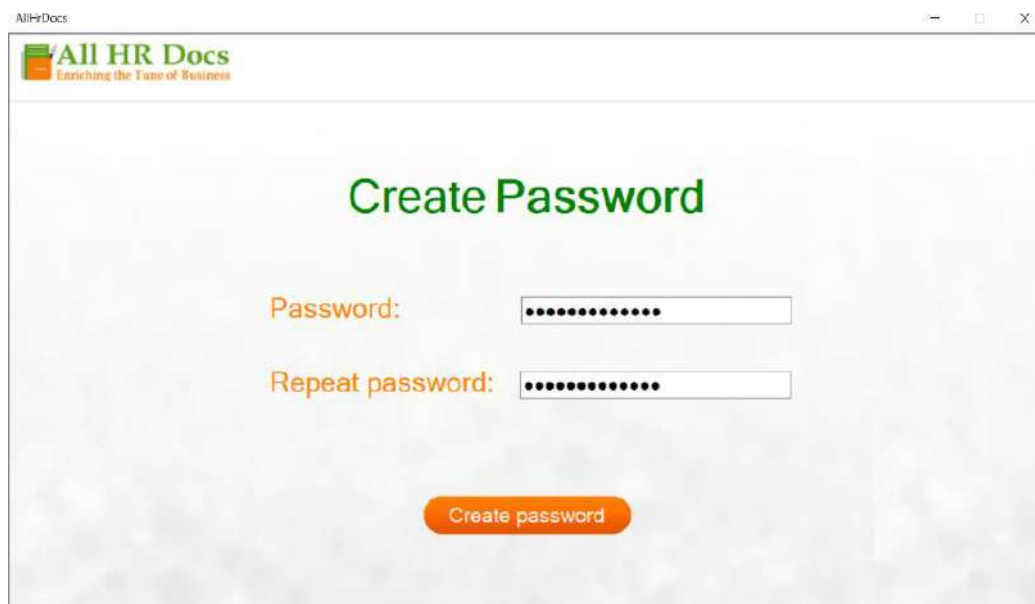

- Put the username and license provided during the purchase & activate the license.

The screenshot shows a web browser window titled "AllHrDocs" with a standard window control bar. The page header features the "All HR Docs" logo and the tagline "Enriching the Tune of Business". The main heading is "Activate License" in green. Below this, there are two input fields: "E-mail:" with the value "testmail@gmail.com" and "License key:" with the value "2242321491520124". At the bottom center, there is an orange button labeled "Activate license".

- Create your own password to login into the software.

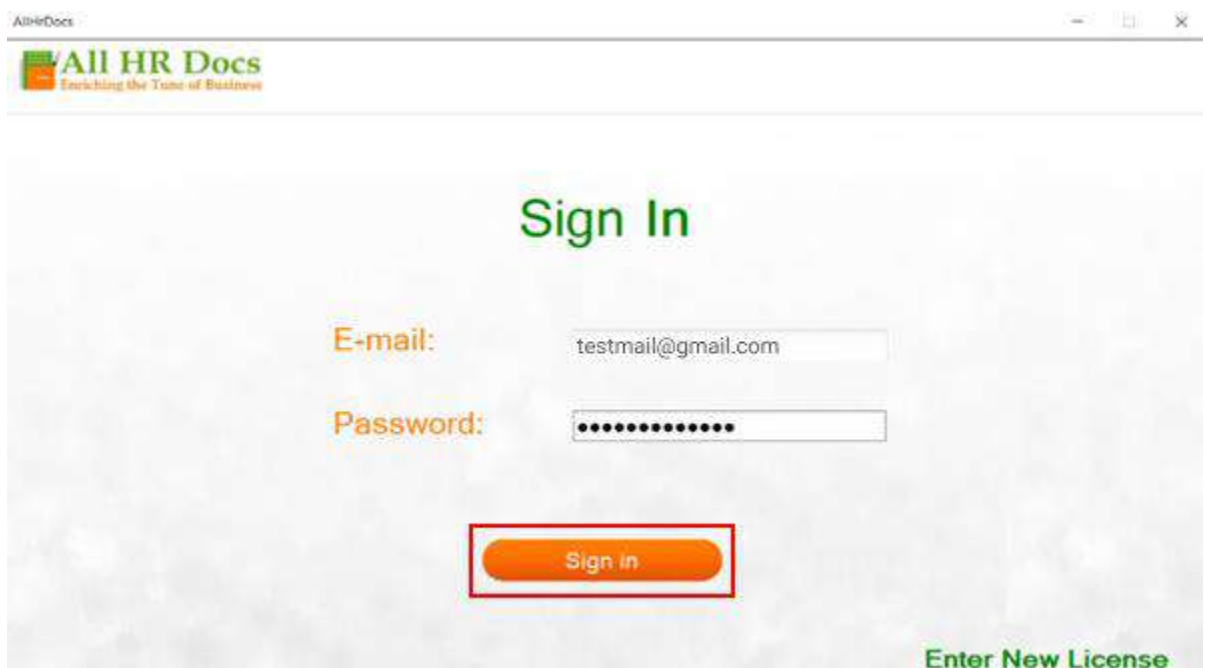

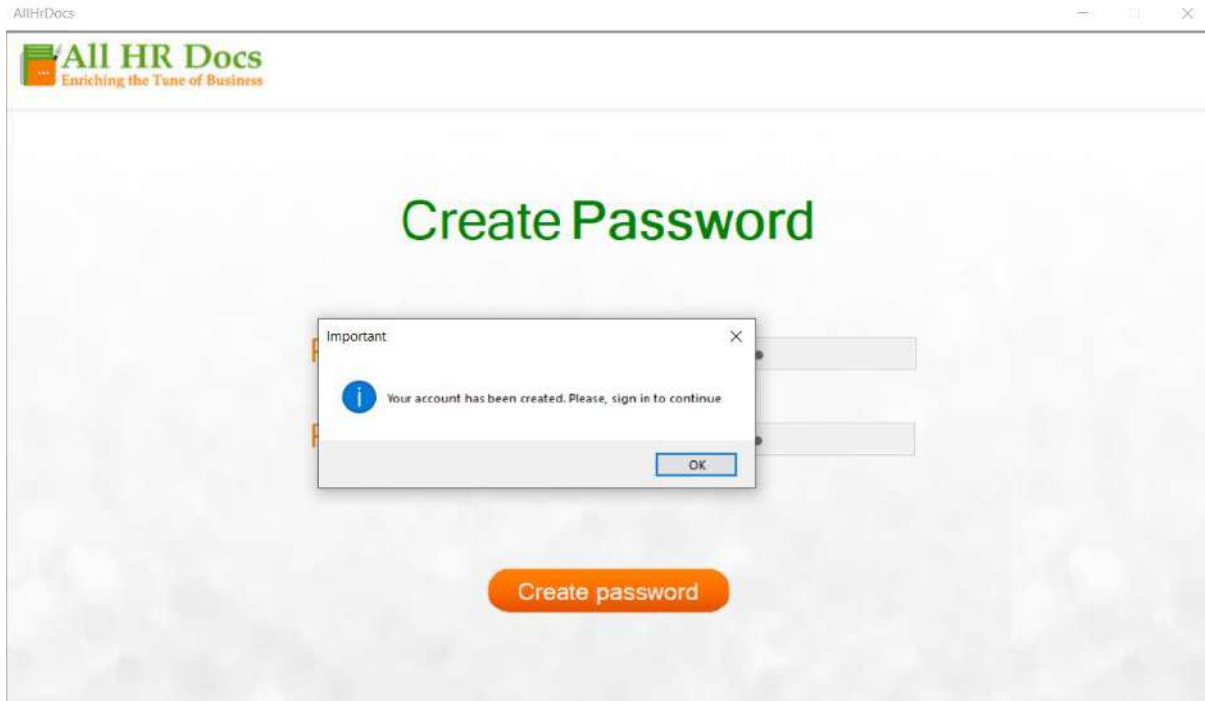

(Please do not lose the password as we do not store the same)

The screenshot shows a web browser window titled "AllHrDocs" with a standard window control bar. The page header features the "All HR Docs" logo and the tagline "Enriching the Tune of Business". The main heading is "Create Password" in green. Below this, there are two input fields: "Password:" and "Repeat password:", both containing masked characters (dots). At the bottom center, there is an orange button labeled "Create password".

5

On successful activation you shall get a message "Your account has been created. Please sign-in to continue"

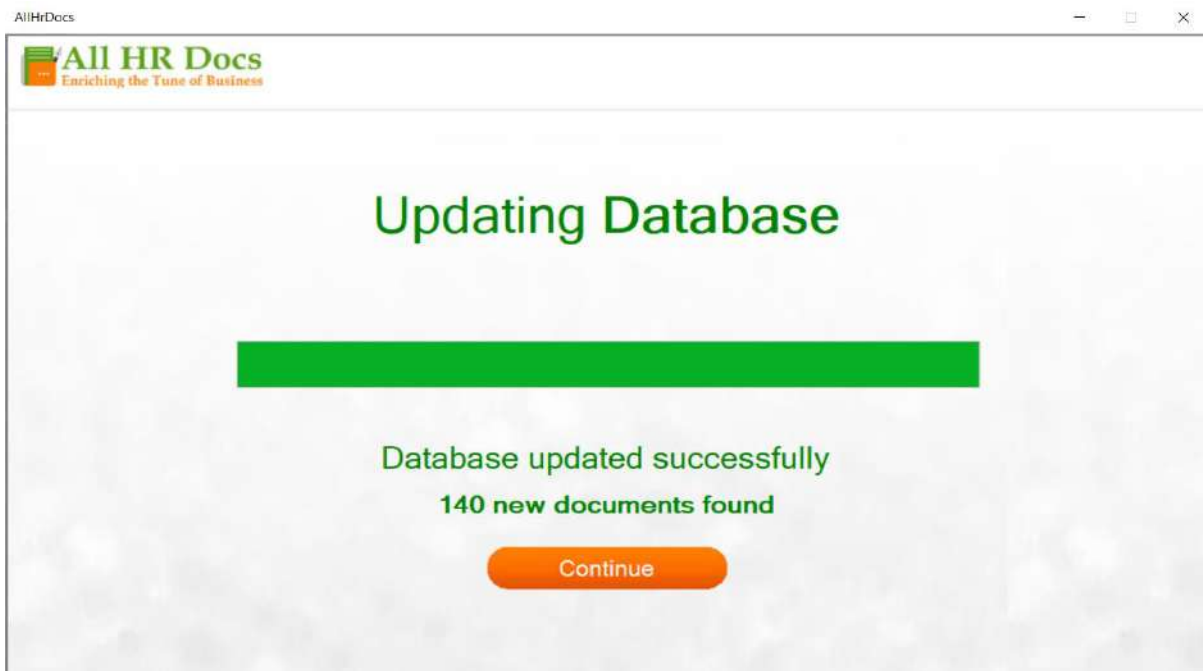

6 Wait till the database gets updated.

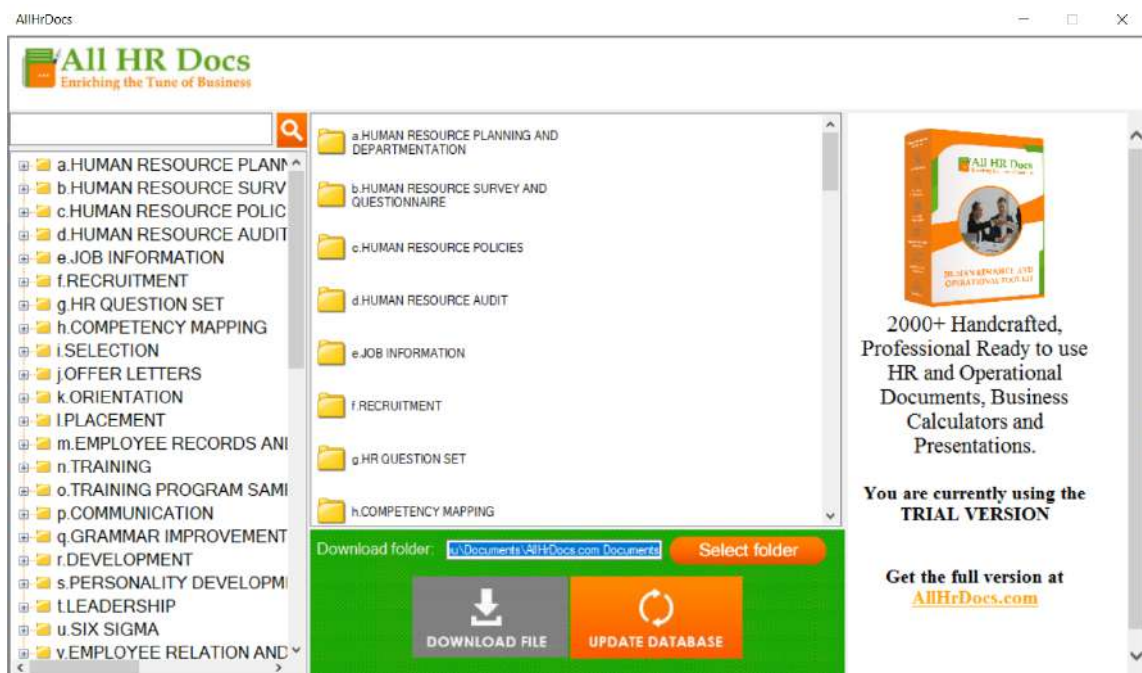

(For the first time it may take up to 10 mins to 4 hours to update the database. In-case you want to stop the update you can click on cancel button. On the next login the database can be updated with remaining files.)

7 Once the database updated successfully you can access 5000+ documents.

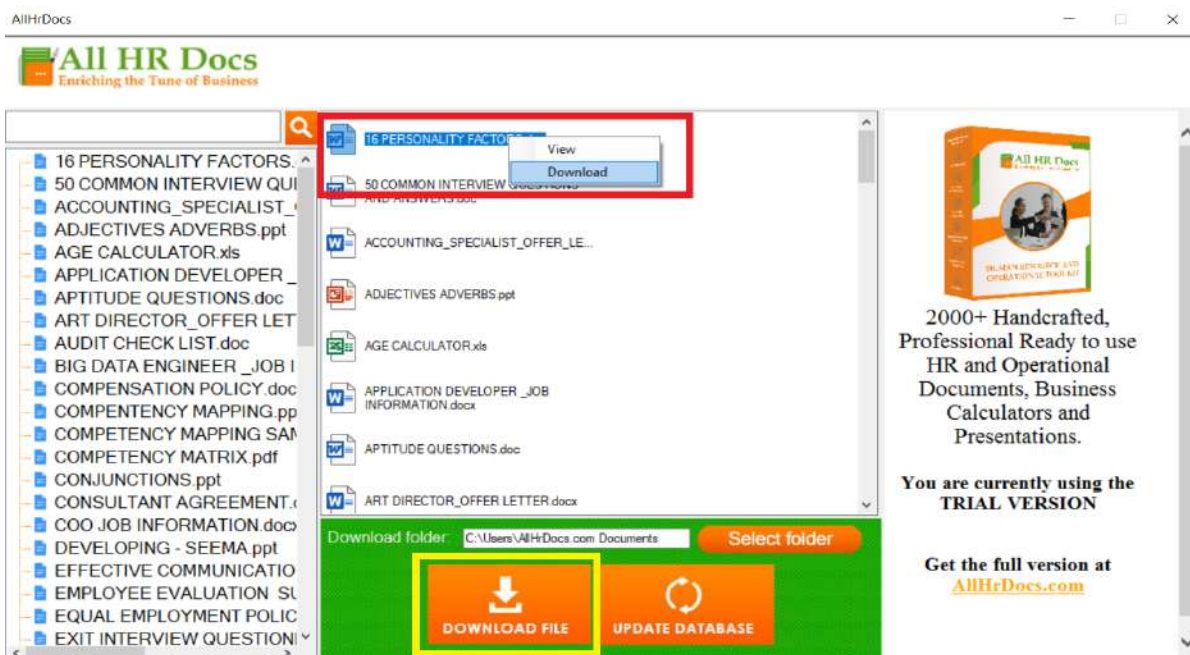

- 8 You can open the file double clicking on it.
(Pre-requisites to view the file: MS-Office, Adobe PDF reader)

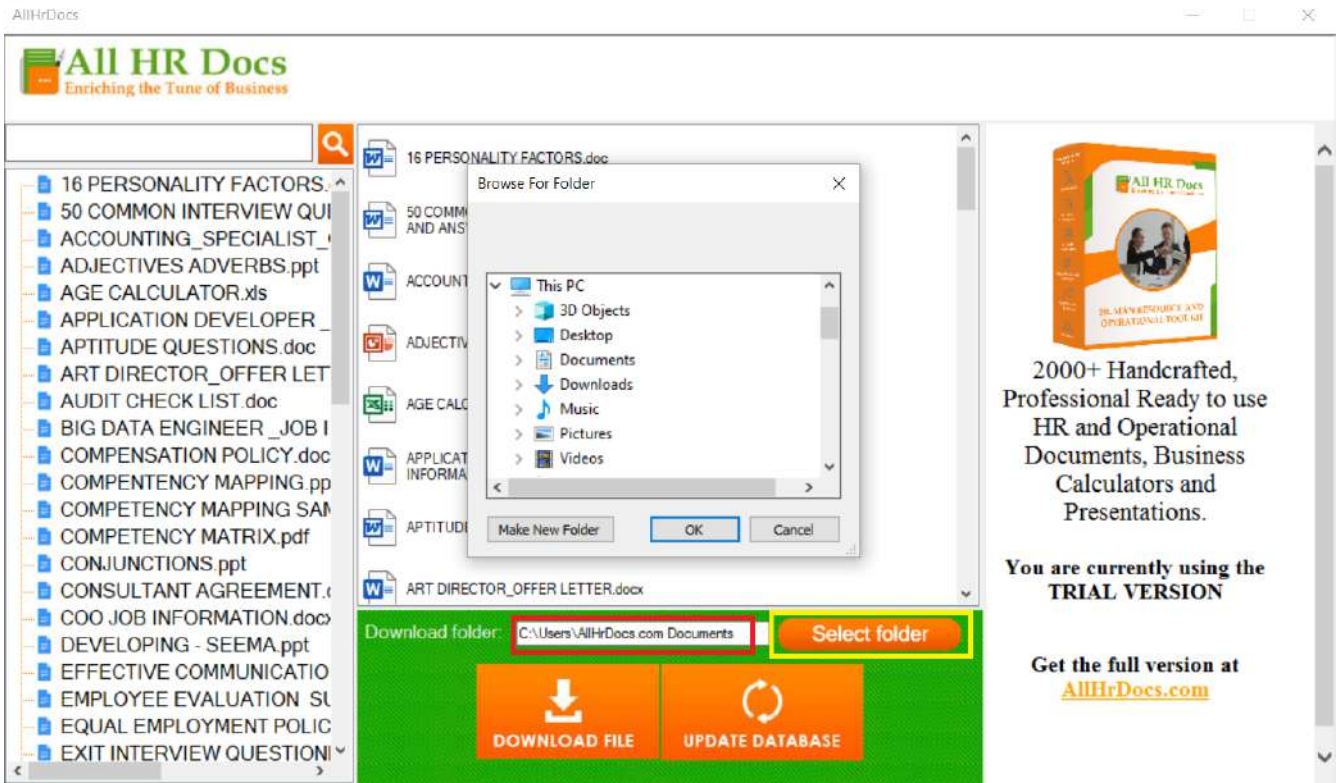

- 9 Download the files by clicking on the “Download File” button visible at the central bottom panel.

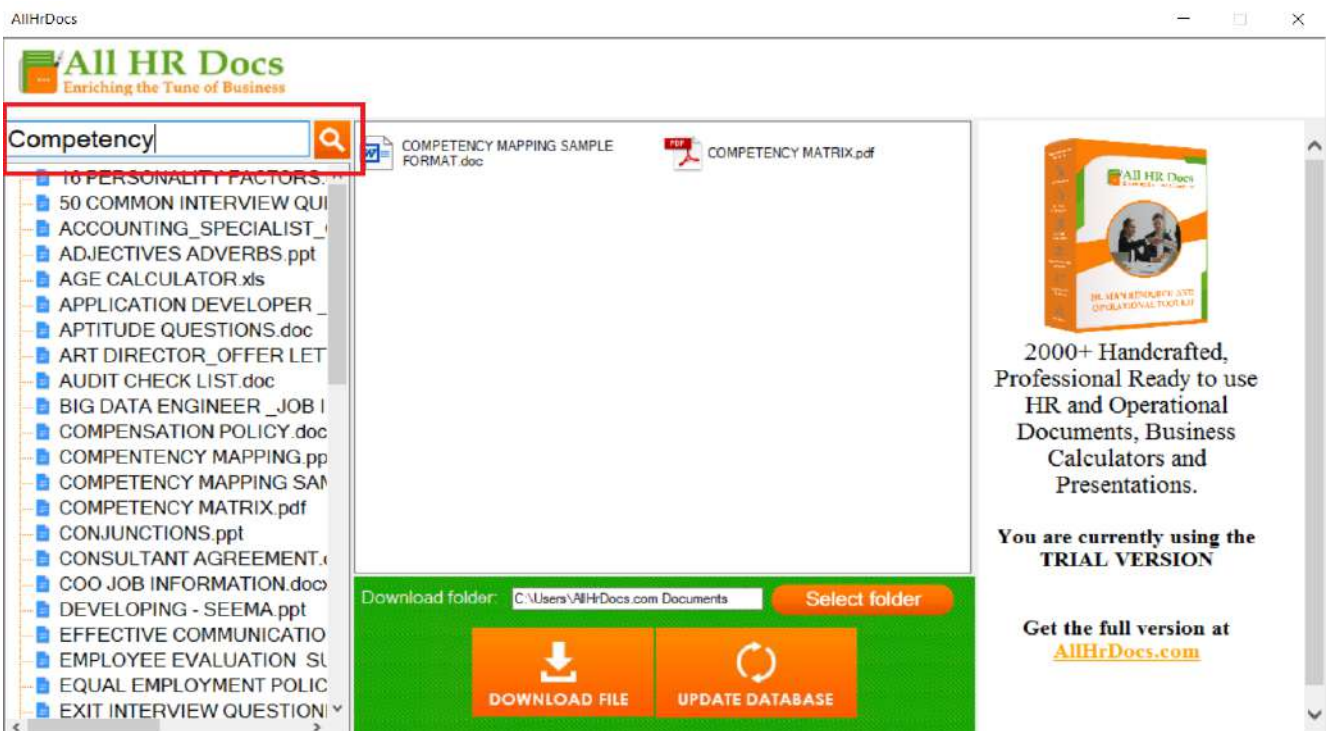

Alternatively, you can also download by right clicking & selecting Download option. (You can download one file at a time)

- 10 You can choose the path to store the files to be downloaded by clicking on the "Select Folder".

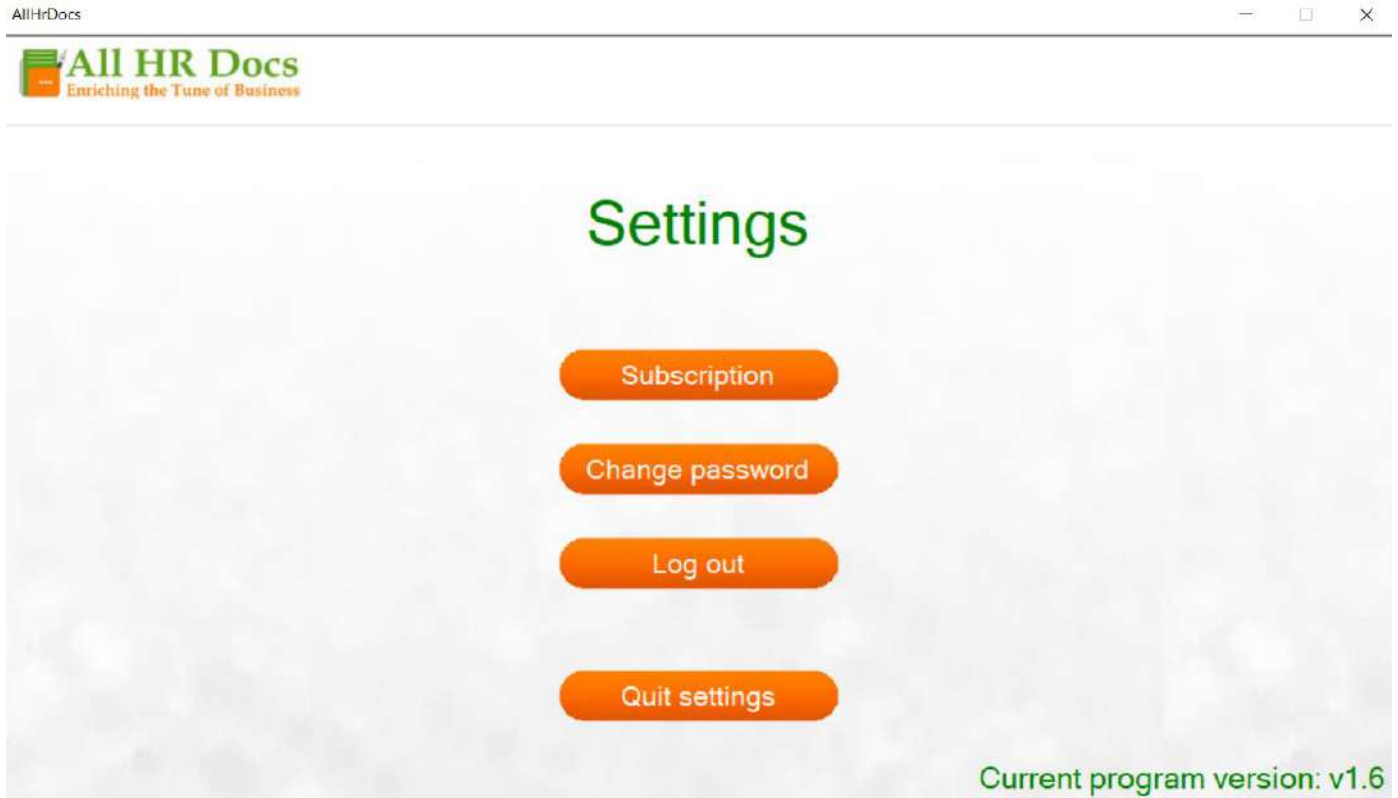

- 11 You can search a file by using the search bar found at the left top corner.

12

Subscription details can be found in settings along with the software version and an option to change user password.

Subscription: To see your subscription details.

Change password: Give old password & then type new password.

Log out: To logout of the software.

Quit Settings: Exit the settings

* In-case if you forget your password click on “Enter New License” and follow the process to set a new password.
